

REMARKS

This application was originally filed on 15 September 2003 with one claim, which was written in independent form. Claim 13 has been canceled, and Claims 14-25 added herein. No claims have been allowed.

Claims 1-12 were canceled in the preliminary amendment filed 15 September 2003 with the divisional application. The filing receipt and the Examiner's rejection do not reflect the cancellation of Claims 1-12.

Claim 13 has been canceled herein. Claims 14-25 have been added. Claim 14 is similar to Claim 13. Claim 22 is a circuit claim similar to Claim 14. Claim 13 was rejected under 35 U.S.C. § 101 as being directed to non-statutory subject matter. Without acquiescing as to the rejection of Claim 13, the applicant respectfully submits that newly added Claims 14 and 22 both produce a "useful, concrete and tangible result" and therefore should be deemed allowable.

In view of the amendments and the remarks presented herewith, it is believed that the claims currently in the application accord with the requirements of 35 U.S.C. § 112 and are allowable over the prior art of record. Therefore, it is urged that the pending claims are in condition for allowance. Reconsideration of the present application is respectfully requested.

Respectfully submitted,

Charles A. Brill
